**1-0**

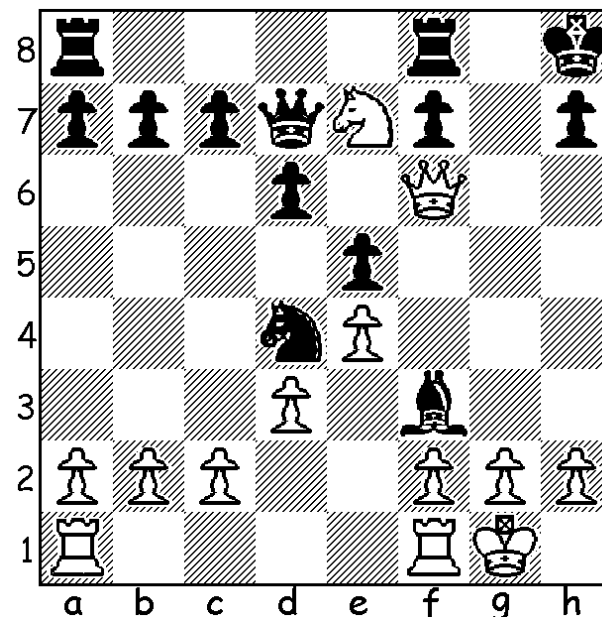

- Copiare è da stupidi
- Il Bianco ha una mossa in più, quando darà scacco il Nero non potrà copiare e ... perde

- **Attenzione quindi**
- **NON COPIARE**
- **Serve solo a perdere**

- La partita non è eccezionale
- Tante mosse potrebbero essere cambiate in alcune migliori
- Questo è solo un esempio per spiegare che **NON BISOGNA COPIARE**

# Le rime di **SEBASTIANO PAULESU**

**Chi copia le mosse non è una "cima":  
prende scacco matto una mossa prima.**

**Chi ricopia le mosse del Bianco  
perde senza essere stanco,**

**chi ricopia le mosse del Nero  
perde senza esserne fiero.**
